CAMERA TRAILER - CT-2430

The CT-2430 is a portable camera trailer designed to provide height and stability for the deployment of outdoor dynamic video surveillance. The CT-2430 camera trailer is perfect to remotely monitor work zones, construction sites, special events or any application where permanent cameras are not available or feasible.

FEATURES AND BENEFITS OF CT-2430

• 30’ galvanized mast – rotates 360 degrees and retracts for easy transport
• Tilt-and-Rotate solar panels – maximize solar recharging and increase battery life
• 12 VDC / solar power system – sustainable video surveillance anywhere
• Environmentally friendly – no generator, noise or pollution
• Wireless communication – remote monitoring from your PC, laptop, tablet or smartphone
• Multi-use – accepts most IP video surveillance cameras and non-intrusive traffic sensors
• Compact design – deploys in 10 minutes and easy to tow and store
• PTZ camera control – pan, tilt and zoom on your desired location
• Preset views – create several views for instant one-click redirecting of camera

**BENEFITS OF REMOTE MONITORING**

**WORK ZONES**
- View incidents quicker – improving emergency response
- Smart Work Zone – monitor congestion “hot spots”
- Integrate into TMC – manage with existing cameras

**CONSTRUCTION SITES**
- Protect equipment – discourage theft and vandalism
- Save time and money – less surveillance personnel needed
- Manage work site – improve scheduling and logistics

**SPECIAL EVENTS**
- Prevent incidents – view and alert security immediately
- Video recording – incident record for investigation
- Manage pedestrians and motorists – improve safety and mobility

**HIGH-QUALITY CONSTRUCTION**
- Galvanized mast – complete protection from rust
- Powder coating superior finish – impact, humidity, salt spray and rust resistant
- 4 leveling jacks – for stabilization and easy transportation
- Manual lift mechanism – for quick deployment
- Heavy-duty plastic fenders – for durability
- Plastic battery boxes – to minimize battery corrosion
- Lockable control box – for security

**OVERALL DIMENSIONS**
- Overall length: 179 in. (4541 mm)
- Overall width: 90 in. (2296 mm)
- Operating height: 379 in. (9628 mm)
- Traveling height: 58 in. (1462 mm)
- Axle/suspension: 1588 kg (3,500 lb.)
- Weight (approx.): 1280 kg (2,822 lb.)

**OPTIONS**
- Rugged PTZ dome camera (various models available)
- Stream live video of work zone
- Record video
- Traffic sensors

Ask for custom options available to meet your needs.

**JAMLOGIC SOFTWARE**

CT-2430 comes with Ver-Mac’s high-speed modem with GPS to maximize your productivity, efficiency and profitability all remotely from your office or home!

- View your equipment in a list and GPS map view
- View you camera images on a single screen
- Interactive list and map view
- Integrate with PCMS and sensors
- View communication status and battery voltages
