BarrierGate®
Longitudinal Barrier Gate

TRINITY HIGHWAY
Ahead of the Curve™
**BarrierGate®**

The BarrierGate® is an automated gate for barrier openings that may be used to restrict unauthorized access and help eliminate barrier ends in median openings. It is NCHRP Report 350 Test Level 3 and Test Level 4 compliant. The BarrierGate is ideal for a variety of applications including median crossovers, HOV lanes, and reversible lanes.

**Assembly and Maintenance**
- Automated models open/close in one minute.
- Security coded keypads allow authorized personnel to gain access from either direction.

---

**PROVIDE EMERGENCY ACCESS**
